

History & Geography

In Geography this term the children will be learning about weather and climate, finding out the differences and completing fieldwork collecting and analysing weather data. In History the children will be studying famous black people and make and present a poster. Also, in History the children will be learning about the Ancient Greeks. In Geography they will be finding out about Italy and comparing features to the UK and Shute!

English & Mathematics

This term the children will be learning to understand place value up to 4 digits, the addition and subtraction of 3 and 4 digit numbers, how to multiply and divide 3 & 4 digit numbers and understand how fractions can be ordered.

In English the children will continue to learn spellings and read daily. They will be studying a range of texts including fiction, non-fiction and poetry. Aspects of grammar will include expanded noun phrases, adverbs, fronted adverbials and conjunctions.

Autumn Term 2025 Hedgehog Class

Please see the school website for detailed plans.

RE & PSHE

This term in RE, the children will be learning about the Hindu religion and the kind of world Jesus wanted. In PSHE we will be discussing the risks of smoking and achievements and setbacks and how to tackle these.

Art & DT

This term in DT the children will be designing and making their own kites. They will investigate kite shapes, suitable materials then make and fly their kite. In Art the children will be investigating different paints such as acrylic and watercolours and using these in illustrations.

Science & Computing

This term in Science, the children will be learning about the seven life processes, classification and forces and Magnets. This will include a trip to Seaton Wetlands. In computing we will be learning about desktop publishing and making our own pages. We will also be looking at branching databases.

French & Music

This term in French, the children will be learning how to greet each other, give simple instructions, say numbers and colours.

In music, the children will be listening to and singing Gospel music. They will play a series of notes from the pentatonic scale to create different arrangements. After half term they will be creating rhythms on percussion instruments and performing a whole class 'rondo'

PE

This half term the children will be learning and developing fundamental skills, and learning the basics of Netball. After half term the children will be learning gymnastic skills and hockey skills.
